Odkrij košček raja A crowdless paradise

Kaj pomeni slogan Odkrij košček raja? To je poziv, da najdeš čas, da zbereš pogum. Za izvij, za nekaj novega, da se zopet počutiš svobodnega. To je poziv, da odkriješ Tržičko! Košček raja je za vsakega posameznika nekaj drugega. Za nekoga je to čudovit razgled, za drugega vzpon z gorskim kolesom ali pa prijazen nasmeh domačina, spet za nekoga tretjega uživanje na kulturnem dogodku, ali pa okušanje lokalnih specialitet. V koščku raja se počutiš dobro, brez meja v naravi, kulturi in v glavi. Poznaš občutek, ko imaš vsega dovolj in se želiš umakniti na kraj, kjer je vse lepše? Le tam si sproščen, ni hitrena, ni stresa, ni budilke in ni telefona, ki bi ti krojil

vsako minuto tvojega življenja. Ta kraj je zate in za mnoge Tržiško.

Odkrij košček raja na severu naše domovine, kjer vrhovi najdaljše slovenske gore Košute podajajo roko sosedji Avstriji, kjer se v zgodovinskem mestnem jedru Tržiča Tržička Bistrica in Mošenik združita v eno, kjer tudi najmanjši podeželski zaselek skriva svoj unikaten »zaklad,« ki ga lahko odkriješ tudi ti. Sam, v paru, poslovno, z družino ali prijatelji, tukaj si in je dobrodošel vsak! Čas, ki ga boš namenil odkrivanju tržičkega koščka raja, bo zagotovo ostal nepozaben.

What does the slogan "Discover a crowdless paradise" mean? Consider it an invitation to gather your resolve and take on a challenge, to try something new, to experience freedom anew—it is a call to discover Tržič! Paradise means something different for each individual. For some it is a spectacular view, for others an ascent by mountain bike, or the friendly smile of a local, while for still others it could be enjoying a cultural event, or sampling local specialities. Do you know that feeling when you're fed up with everything and you just want to get away from it all? Somewhere you can relax, there is no rush, no stress, no alarm clock and no phone to

dictate every minute of your life. For you and for many others this place is Tržič.

Discover a crowdless paradise in the northern part of Slovenia, where the summits along Slovenia's longest mountain ridge Košuta meet neighbouring Austria, where the Tržič Bistrica and Mošenik rivers merge into one in the historic town centre of Tržič, where even the smallest rural hamlet hides a unique "treasure" that you can also discover. On your own, as a couple, on business, with family or friends, here you are welcome! The time you spend discovering the crowdless paradise of Tržič promises to be unforgettable.

Raznolika tržiška doživetja

Diverse Tržič experiences

Raznolikost je beseda, ki pritiče tržiškemu koščku raja. Tukaj vsak najde nekaj zase, od preprostih pohodniških poti do zahtevnih plezalnih podvigov. Od ležernega kolesarjenja po ravniških tematskih poteh do vrtoglavih gorskih spustov z vršacev. Če so trdna tla zate le ena izmed možnosti, tukaj lahko dopoldne s padalom kraljuješ nebu in se popoldne spustiš v temno podzemlje Šentanskega rudnika. Tudi paleta agregatnih stanj ti je na voljo, saj se marsikje še dolgo voletje zadržujejo zasneženo ledene zgate, medtem ko je manj ekstremnim raziskovalcem na voljo sproščanje ob mnogih potočkih in rečicah Tržiškega.

Diversity is the word that comes to mind when you discover the paradise of Tržič. There is something here for everyone, from easy hiking trails to challenging climbing routes, from leisurely cycling along flat thematic trails to dizzying mountain biking descents from high summits. If solid ground is just one of the options for you, you can roam the skies while paragliding in the morning and descend into the dark underground of the St. Anne Mine in the afternoon. A range of states of matter is also available to you, as in many places snow and ice patches remain well into the summer at higher elevations, while less extreme explorers can enjoy relaxing along the many streams and rivers of the Tržič area.

V Tržič nas pripelje razgibana, 28,7 kilometra dolga tretja etapa, ki poteka stran od mestnega vrveža in pohodnika popelje v pravo gorsko naravo. Iz Kranja gremo do posestva Brdo, od tam mimo Čukove jame in ribnika Račnik v osrčje krajinskega par-

ka Udin boršt. Tukaj se lahko naužijemo bogastva mogočne narave. Iz gozdnatega področja se pričnemo vzpenjati mimo Golnika in naprej do vasice Gozd pod Kriško goro. Sledi prijeten spust v tržiško dolino, kjer nas pričaka bogata industrijska tradicija mesta, močno povezanega s Karavankami.

Odprite srce zelenim navadam

Tržiško je z gozdovi, travniki, rovti, planinami in bistrimi vodami prepredena destinacija, kjer vas zelena doživetja čakajo na vsakem koraku. Občudujte lepote in poskrbite, da bodo to tudi ostale.

Tržiško raziskujte po obstoječih in označenih poteh. Uporabljaljajte javni prevoz, nove kraje pa raziskujte peš ali s kolesom. Upoštevajte omejitve in prepovedi vožnje v naravnem okolju ter na zasebnih zemljiščih.

Ljudje smo v gorskem svetu le obiskovalci. Pravi prebivalci gora so živali in rastline, spoštuje jih. Avto pa pustite ob vznožju hriba, kjer je predviden prostor za parkirišče. Še najlepše je, če se na pot odpravite prav iz centra mesta – Tržič je pravo izhodišče poti na vse strani neba.

Privoščite si razkošje pitja vode iz pipe, ki jo natočite v flaško za večkratno uporabo. Bogastvo vodnih virov ohranjate tudi z izbiro kratkega tuša namesto kopeli in zapiranjem vode med umivanjem zob.

Najboljši odpadek je tisti, ki ne nastane. Uporabljaljajte vrečke iz blaga, večkrat napolnite steklenico za vodo, ter naročite pijačo brez slamice. Morebitne smeti in embalažo izdelkov, ki ste jih imeli s seboj na poti, odnesite nazaj v dolino ter jih razvrstite in odvrzite na za to določena mesta.

Pomagajte prispevati k varčevanju z energijo tako, da odklonite menjavo brisač in čiščenje sobe. Ko jih ne potrebujete, električne naprave (klima, luči ...) izklopite.

Spošтуjte domačine, njihovo lastnino in kulturo. Podprtje lokalne obrtnike in umetnike, obiščite tradicionalne prireditve in okusite bogastvo lokalne kuhinje. Izogibajte se območju, kjer poteka intenzivna kmetijska in gozdarska dejavnost.

Open your heart to green habits

The Tržič area is a destination of forests, meadows, hills, mountain pastures and clear, free-flowing waters, where green experiences await you at every step. Admire the natural beauty of the landscape, and help ensure it stays that way.

Explore the area along existing, marked trails. Use public transport and discover new places on foot or by bike. Observe the restrictions and prohibitions on driving in the natural environment and on private land.

We humans are just visitors to the mountain world. The true inhabitants of the mountains are the animals and plants that live there; please respect them. Leave your car at the foot of the mountain in a designated parking area, or best of all set off from the town centre – Tržič is an ideal starting point for hikes in any direction.

Allow yourself the luxury of drinking water from the tap and use a reusable bottle. You can also conserve valuable water resources by taking a short shower instead of a bath and turning off the tap instead of letting the water run when you brush your teeth.

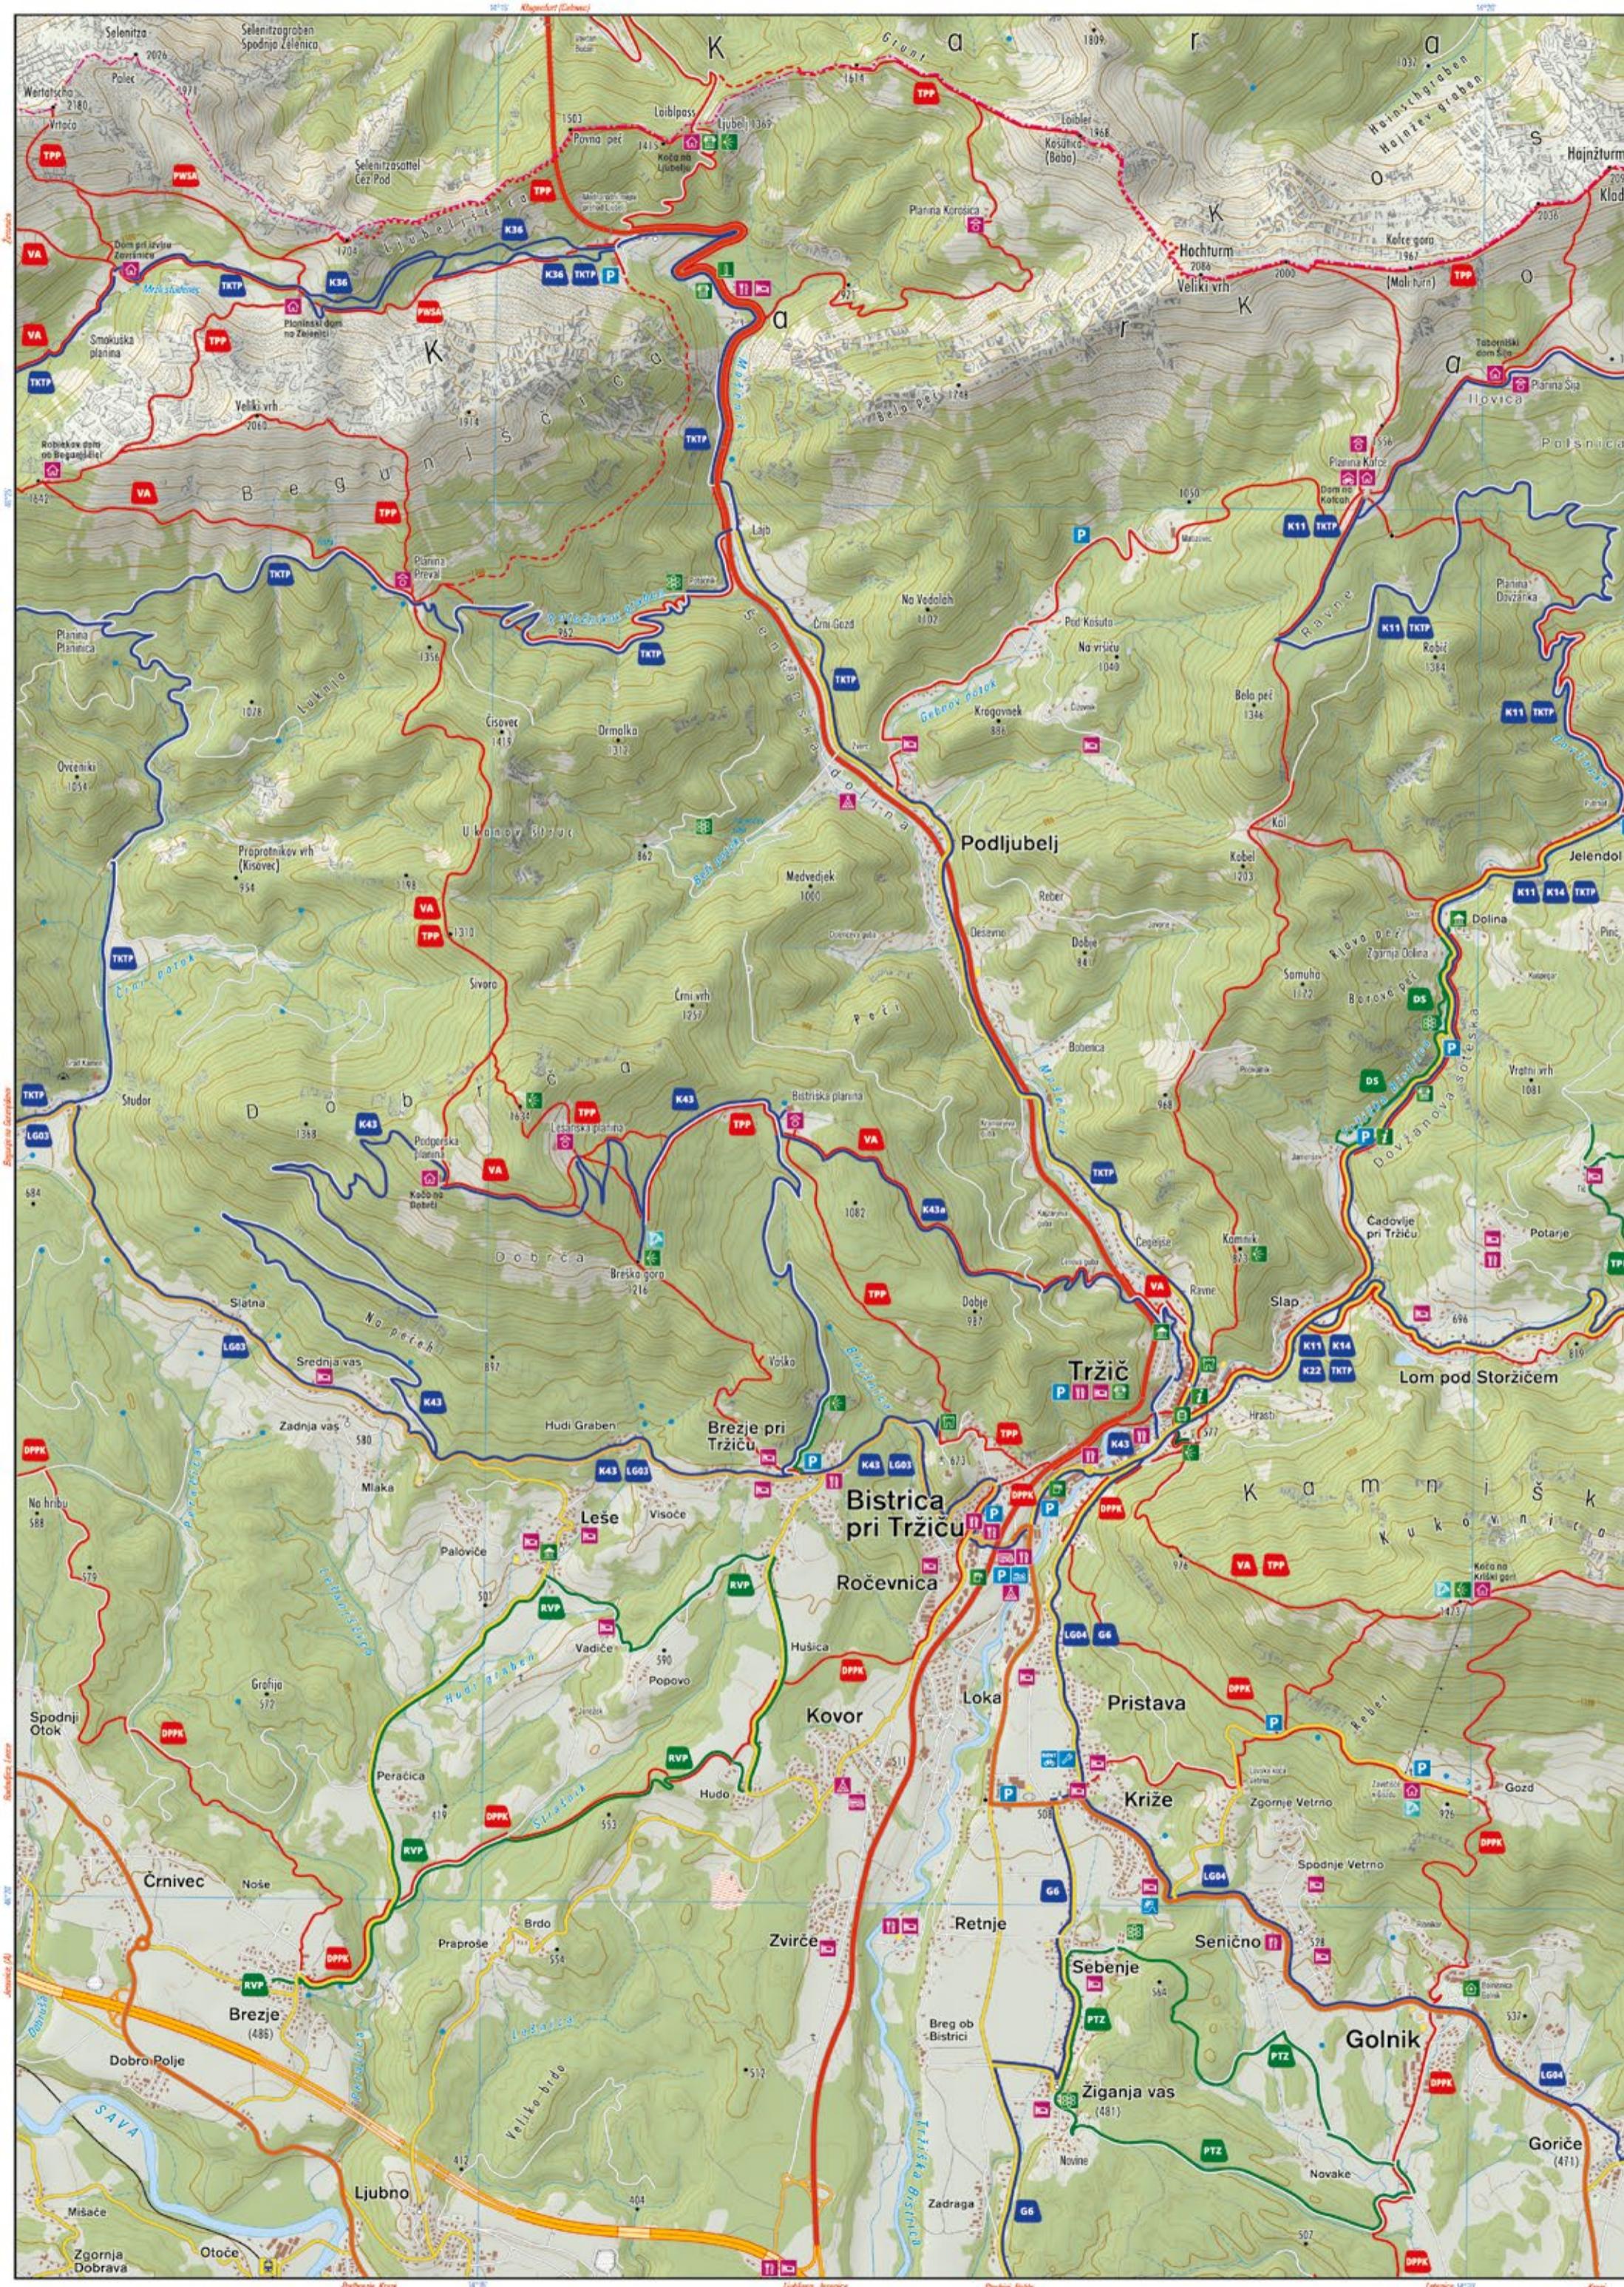

The best type of waste is the kind that is not generated. Use cloth bags, refillable water bottles, and order drinks without a straw. Take any rubbish and packaging from products you packed back to the valley and sort and dispose of waste in designated places.

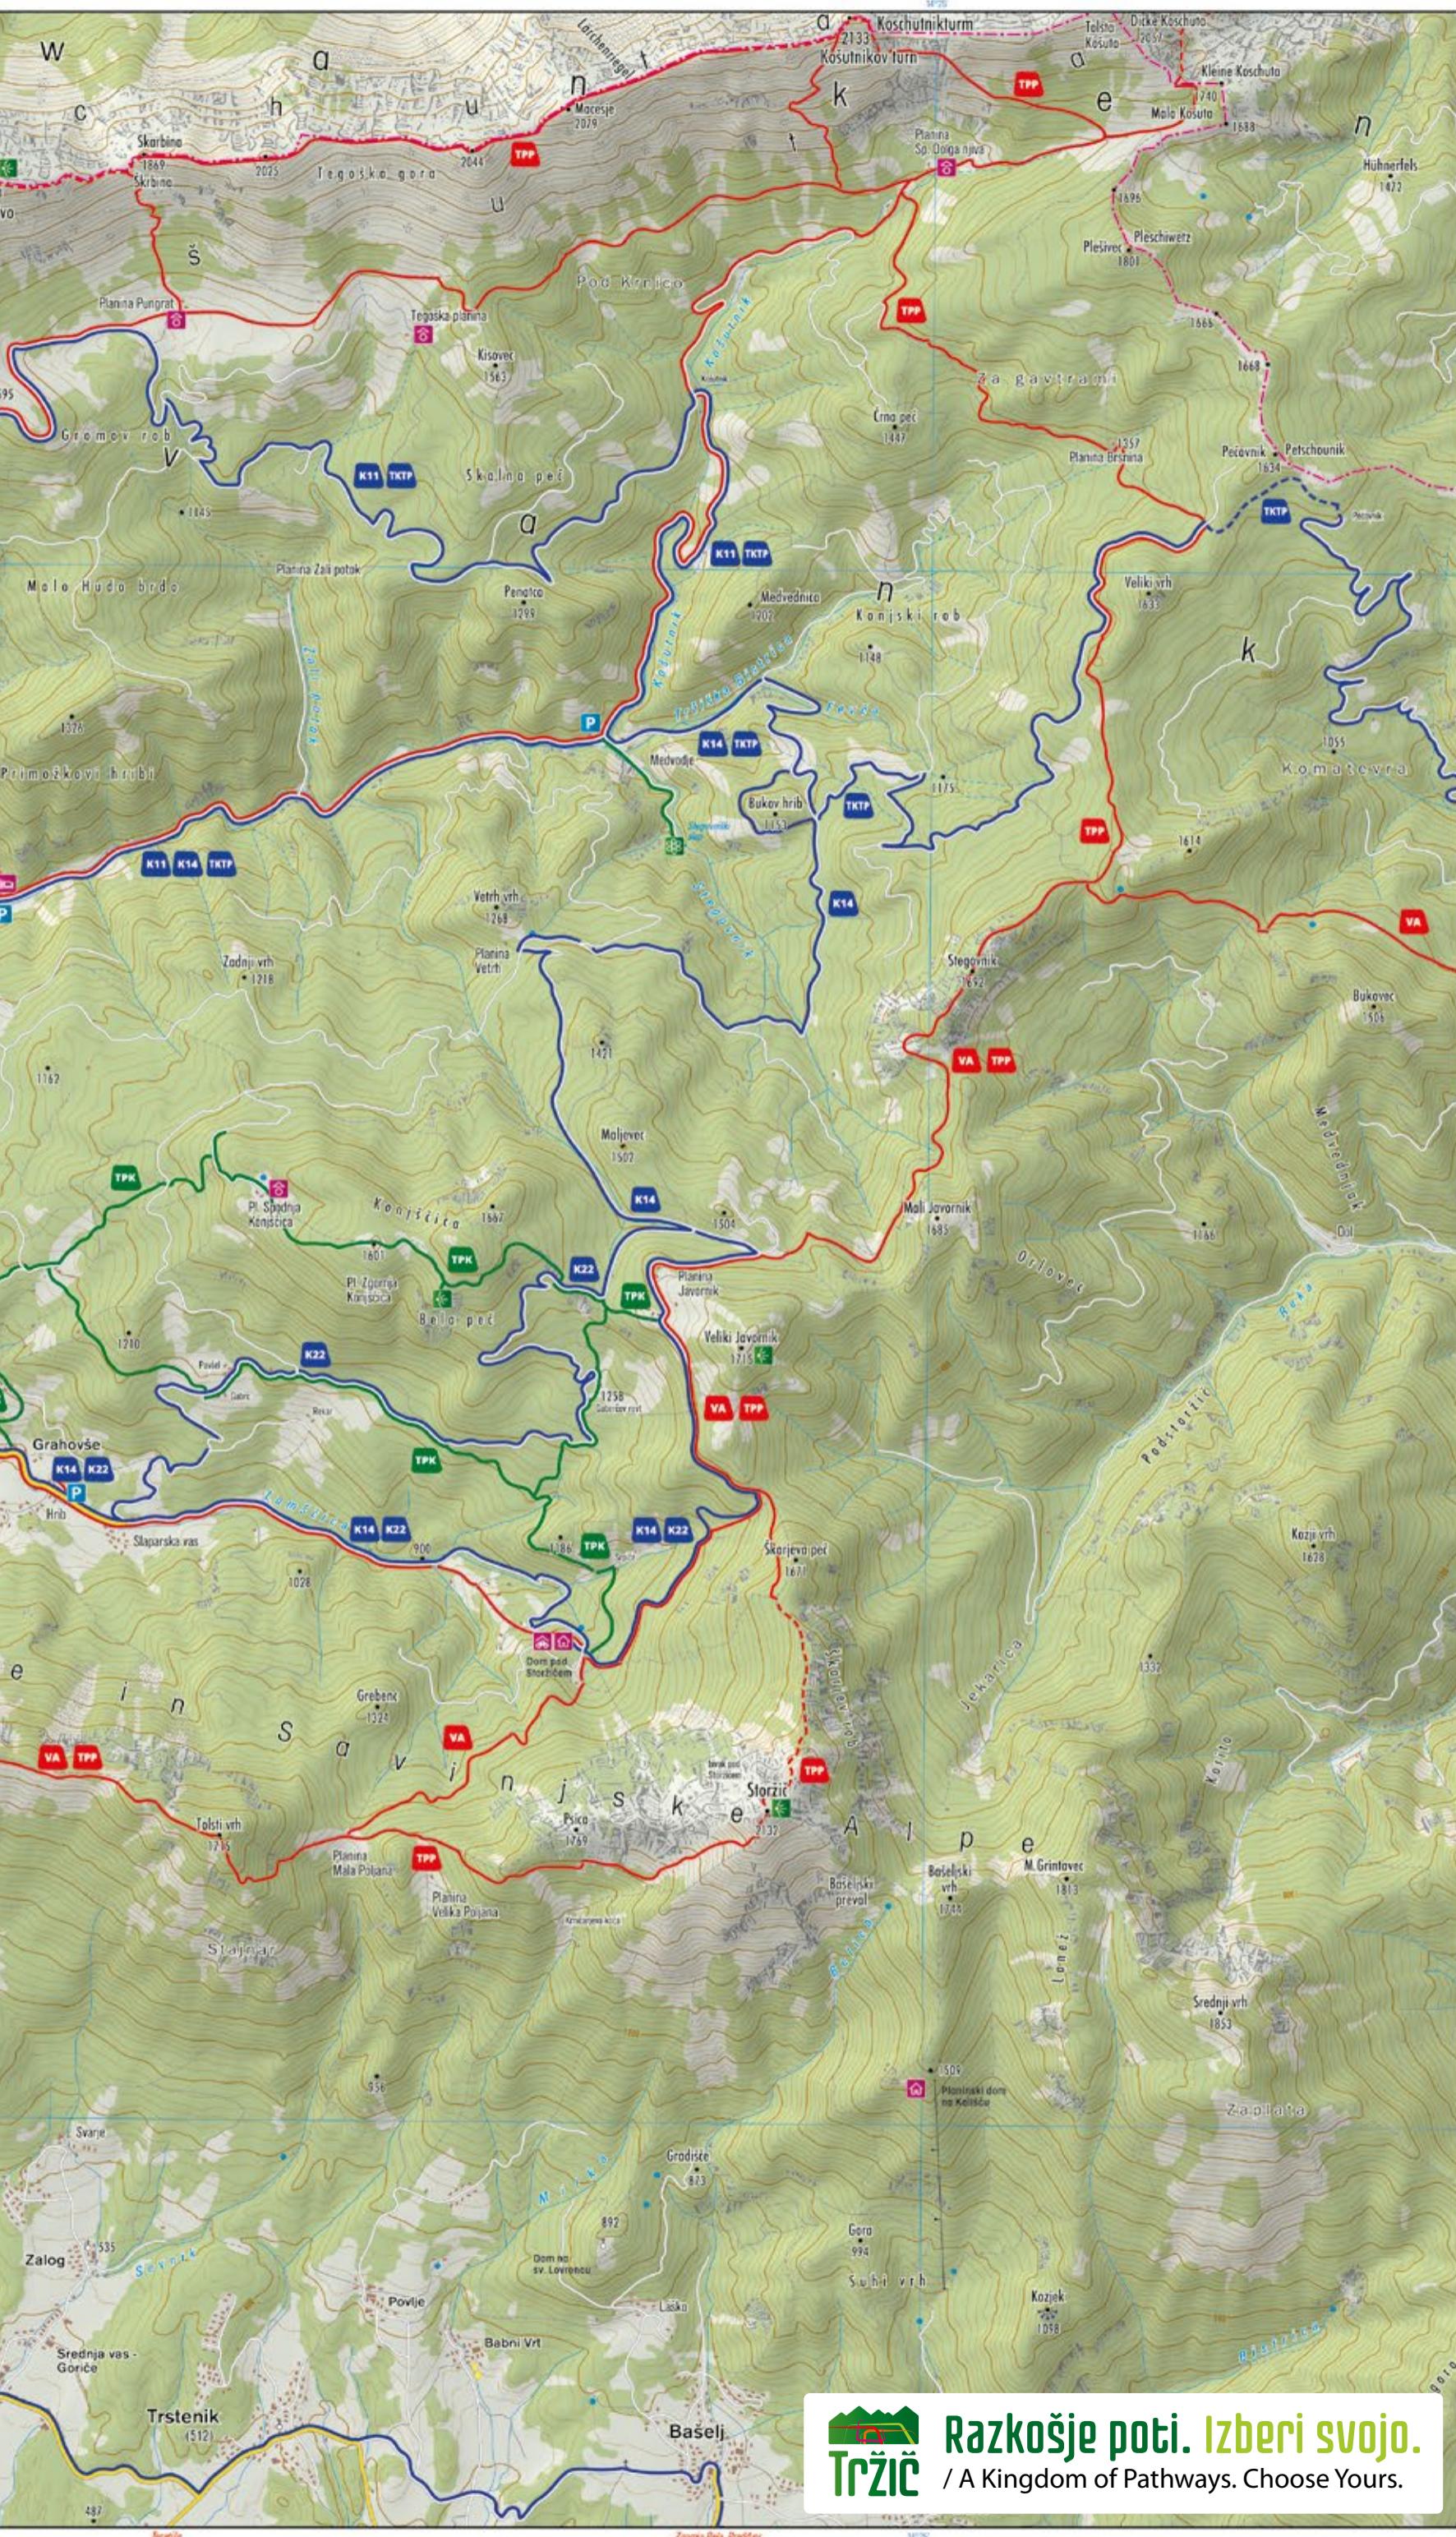

Help conserve energy by reusing towels and not requiring daily cleaning of your room. Turn off electric appliances (air conditioning, lights, etc.) when not needed.

Respect local people, their property, and their culture. Support local businesses and artists, visit traditional events, and sample the wealth of local cuisine. Avoid areas where intensive agricultural and forestry activities are being carried out.

Edinstvena Dovžanova soteska

Na sprehodu po slikoviti Dovžanovi soteski vam bo lokalni vodnik razkril njeno izjemno geološko bogastvo. Gorska reka Tržiška Bistrica je, ko je vrezovala svojo strugo v pestro kamnito skladovnico, odkrila najpopolnejše zaporedje kamnin starih med 300 in 260 milijonov let. Kaminske plasti tega zaporedja si lahko predstavljamo kot liste debele knjige, v kateri je zapisana čudovita zgodba o nenavadnih živih bitjih in spreminjanju okolij v daljni geološki preteklosti.

The unique Dovžan Gorge

On a walk through the picturesque Dovžan gorge a local guide will explain the exceptional geological wealth of the gorge. The Tržiška Bistrica, a mountain river, laid bare a complete sequence of rocks, ranging in age from 300 to 260 million years, as it cut a channel through the varied rock layers. They are like the pages of a thick book, recording a fantastic story about unusual living creatures and a changing environment in the distant geological past.

Iz tržičkih piskrov From Tržič pots

Tržičani so radi jedli meso – predvsem perutnino, a tudi divjačino, svinjino in govedino; ljubili so tonko – omako, ki ostane pri pečenju mesa. Pogosto so bile na mizi močnate jedi, med njimi žganci, štruklji, močnik in krapi, pa tudi kaša. Najbolj znana tržička jed je zagotovo tržičke bržole, enolončnica iz ovčjega ali koštrunovega mesa. O njihovem nastanku je poznana zgodbica, ki govori o veseli druščini na planini Kofce, ki je, ko jim je zmanjkalo hrane, uplenila ovco in jo skuhala skupaj z začimbami in zelišči, rastočimi na planini. V kulinariki je pustilo sled tudi pestro

zgodovinsko dogajanje, tako so Tržičani z avstrijskimi vojaki spoznali jed iz testenin, slanine, krompirja in čebule, imenovano grenadirmarš. Pri tržičkih gostincih lahko poskusite nekaj izbranih tradicionalnih jedi, ki jih na sodoben način pripravljajo posebej za vas. Na planšarijah pa v poletnih mesecih ponujajo predvsem mlečne jedi. Kislo mleko v kombinaciji z različnimi žganici, masovnik in štruklji so jedi, ki bodo poskrbeli za razvajanje vaših brbončic. Na Tržičkem pa smo ponosni tudi na prvo slovensko ekološko pivo, prvinska žganja in nepozabne sladice.

The people of Tržič have always liked to eat meat, and they loved »tonka« - the gravy from roasting meat. They have often prepared floury dishes, like »žganci« (buckwheat mush), and »štruklji« (dumplings), as well as »močnik« and »kaša« (types of porridge). The best known Tržič dish is Tržič bržola. There's a story about how the dish originated, when a merry band having a good time up on Kofce mountain pasture ran out of food and stole a ewe and cooked it up with some seasonings and herbs growing on the pasture.

In Tržič restaurants and inns you can taste some traditional dishes prepared in a contemporary way specially for you. The mountain dairies in the summer months serve mainly milk-based dishes. Sour milk in combination with various porridges, "masovnek", and dumplings are dishes that are sure to tickle your taste buds. The Tržič region is also proudly home to the first Slovenian organic beer, original spirits and unforgettable desserts.

Slovenski smučarski muzej

Slovenski smučarski muzej je enota Tržičkega muzeja in domuje v Pollakovi kajži. To ni naključje, Tržič je namreč ena izmed zibelk športnega smučanja na Slovenskem.

Razstava o zgodovini smučanja predstavlja prve začetke smučanja kot transporta in razvoj v športno panogo. Obdobja vse od pradavnine pa do sodobnih smučarskih šampionov so predstavljena s presenetljivimi podatki, edinstvenimi predmeti in redkim arhivskim slikovnim in video gradivom. Posebej izpostavljeni so uspehi slovenskih šampionov, ki so smučanje prelevili v nacionalni šport – Bojan Križaj, Mateja Svet in Žan Košir.

Razstava prikazuje prvotno rabo smuči. Že v prazgodovini so si ljudje pomagali z njimi, da so se lažje premikali po zasneženih pokrajinalah. Na tak način so smučali tudi bloški smučarji. O bloškem smučanju je pisal že Valvasor v 17. stoletju, to je bila prva omemba smučanja v srednji in južni Evropi. Kasneje se je smučanje razvilo v šport in prostočasna dejavnost. Bogata zbirka starih smuči in vezi prikazuje razvoj smuči skozi čas. Vključuje vse od bloških do najsodobnejših smuči, ob njih pa tudi preostalo opremo: smučarske palice, čevlje in oblačila. Prikazan je način izdelave smuči na star način, v kolarskih delavnicah.

Del zbirke je posvečen začetku in razvoju smučanja v Tržiču s predstavitvijo tržičkih šampionov od prvega zlatega obdobja, ko so Tržičani zmagovali na državnih prvenstvih in se uvrščali na mednarodna prvenstva, do Jožeta Šlibarja, Andreja Jermana, Andreja Grašiča Koblarja, Davida Primožiča in drugih.

Stena slavnih je posvečena našim najboljšim alpskim smučarkam in smučarjem, ki so posegali po odličjih na največjih tekmovanjih. Prav posebno mesto na razstavi imajo naši največji slovenski šampioni Bojan Križaj, Mateja Svet in Žan Košir.

Slovenian skiing museum

The Slovenian Skiing Museum is a unit of the Tržič Museum and is housed in Pollak Cottage. This is no coincidence, as Tržič is one of the cradles of skiing in Slovenia.

The exhibition on the history of skiing presents the first beginnings of skiing as a form of transport and its later development into a sport. Periods dating back to ancient times all the way to modern ski champions are presented with fascinating data, unique objects and rare archival image and video material. The successes of Slovenian champions who turned skiing into a national sport – Bojan Križaj, Mateja Svet and Žan Košir – are particularly highlighted.

The exhibition shows the earliest use of skis. As far back as in prehistoric times, people used them to help them move more easily across snow-covered terrain. Skiers from Bloke also skied in this way. Valvasor wrote about Bloke skiing in the 17th century, the first mention of skiing in Central and Southern Europe. Later, skiing developed into a sport and leisure activity. A rich collection of old skis and bindings shows the development of skis over time. It includes everything from Bloke skis to modern-day state-of-the-art skis, as well as the rest of the equipment: ski poles, boots and clothing. The method of making skis the old way, in bicycle workshops, is shown.

Part of the collection is dedicated to the beginnings and development of skiing in Tržič, with the presentation of Tržič champions from the first golden era when Tržič natives won national championships and qualified for international championships, to Jože Šlibar, Andrej Jerman, Andreja Grašič Koblar, David Primožič and others.

The wall of fame is dedicated to our best alpine skiers who have won medals in the biggest competitions. Slovenian champions Bojan Križaj, Mateja Svet and Žan Košir have a very special place at the exhibition.
